## **COMPANY OVERVIEW**

European Standard Contracting W.L.L. is a dynamic and emerging contracting company in Bahrain, established in 2016. We specialize as a high-end general contractor, excelling in civil and commercial projects, and a leading supplier of building materials. Our expertise encompasses innovative engineering and construction challenges, supported by a specialized and experienced team dedicated to delivering world-class quality and performance. We are fully licensed and insured, providing peace of mind for all our clients.

**Mission Statement** "To deliver exceptional construction, fabrication, and premium material supply services across Bahrain, setting the benchmark for quality and innovation through our unwavering commitment to European standards of excellence."

**Vision Statement** "To be a leading contractor in the region, recognized for our innovative approaches and unwavering commitment to quality in construction, fabrication, and material supply, aspiring to transform industries and improve lives."

**Core Values:** At European Standard, our operations are guided by:

**Integrity:** Upholding honesty, strong moral principles, and transparency in all our dealings.

**Excellence:** Striving for the highest quality in every project, service, and product, ensuring unparalleled performance and client satisfaction.

**Quality:** Assuring superior quality in all our works and materials, with rigorous standards and professional oversight.

**Sustainability:** Committed to practices that contribute positively to the environment and community.

## CHAIRMAN'S MESSAGE

Dear Valued Stakeholders,

As we reflect on another successful year at European Standard Contracting WLL, I am filled with gratitude for the dedication and hard work of our team, partners, and clients. Our commitment to excellence and innovation continues to be the cornerstone of our operations, allowing us to navigate challenges and seize opportunities in an ever-evolving market.

In the past year, we have made significant strides in enhancing our service offerings, expanding our market presence, and investing in sustainable practices that align with our corporate values. We have focused on building lasting relationships, delivering quality work, and exceeding client expectations. Our agility and responsiveness have positioned us well in our industry.

Looking ahead, we remain committed to our vision of being a leader in the trading and contracting sector. We will continue to invest in the latest technologies and embrace new methodologies to ensure we remain at the forefront of the industry. Moreover, our commitment to social responsibility and sustainability will guide us in making a positive impact in the communities where we operate.

I would like to express my deepest appreciation to our employees for their unwavering commitment, to our clients for their trust and partnership, and to our stakeholders for their continued support. Together, we will navigate the road ahead, overcome challenges, and celebrate our collective achievements.

Thank you.

Sincerely,

**Sayed Al Badawi**

**Chairman**

**European Standard Contracting WLL**

# OUR SERVICES

## CIVIL CONSTRUCTION WORKS

### Building Construction Works

- Residential buildings (villas, apartments)
- Commercial buildings (offices, shops, malls)
- Industrial buildings (factories, warehouses)
- Institutional buildings (schools, hospitals)
- High-rise towers
- Labor camps & staff accommodations
- Renovation & refurbishment works

### Civil & Structural Works

- Excavation, backfilling & compaction
- Raft foundations, pile foundations
- Concrete works (slabs, columns, beams)
- Blockwork & masonry
- Waterproofing and insulation works
- External hardscape works (paving, kerbstone)
- Boundary walls & retaining walls

### MEP (Mechanical, Electrical & Plumbing) Works

#### Electrical

- Power distribution, MDB/SMDB installation
- Lighting & cabling
- Earthing & lightning protection
- Fire alarm system

## **Mechanical**

- HVAC installation
- Ducting fabrication
- Chilled water systems

## **Plumbing**

- Water supply & drainage
- Pump room works
- LPG system
- Water heaters & sanitary fittings

## **Interior Fit-Out (ID) Works**

- Gypsum partitions & ceilings
- Flooring works (tiles, vinyl, parquet)
- Painting & finishing
- Joinery (doors, cabinets, counters)
- Glass partitions & aluminum works
- Wall cladding & décor works

## **Infrastructure & External Works**

- Road works & asphalt
- Storm water drainage
- Sewerage network
- Water pipeline works
- Street lighting
- Interlock paving & kerbs

## **Specialized Works**

- Fuel station construction
- Waterproofing & roof treatments
- Solar panel installation
- Fire-fighting & suppression systems
- Industrial machinery foundations
- Cladding & façade systems

## **Maintenance Works**

- Annual maintenance contracts (AMC)
- Civil repairs (cracks, leaks, repainting)
- Electrical & plumbing maintenance
- HVAC servicing
- Renovation & retrofitting

# **STEEL STRUCTURE AND FABRICATION WORK**

## **Structural Steel Works**

Design, Supply and installation of steel components used for building structures.

- Steel columns, beams & girders
- Trusses & rafters
- Pipe racks & platforms
- Petrol station canopy structures
- Roof structures
- Steel frames for buildings & warehouses

## **Architectural & Decorative Steel Works**

Focuses on appearance and finishing.

- Stainless steel handrails
- Balustrades & guardrails
- Canopies & pergolas
- Steel gates, fences, and boundary walls
- Decorative screens & laser-cut panels

## **Industrial Fabrication**

Used in factories, plants, and heavy industries.

- Skids, tanks, silos & hoppers
- Machine frames & supports
- Pipe spools & piping supports

## **Light to Medium Steel Fabrication**

Common in commercial and residential projects.

- Staircases & ladders
- Mezzanine floors
- Cable trays
- Steel doors & frames
- Support brackets & platforms

## **Welding & Assembly Services**

Fabrication companies provide complete welding solutions, including:

- SMAW, MIG, TIG welding
- Stainless steel & aluminum welding
- On-site welding & repair

## **Sheet Metal Fabrication**

Used widely in HVAC, cladding, and custom works.

- Ducting (GI, Aluminum, Stainless Steel)
- Cladding panels
- Flashings & trims
- Bending, rolling, cutting services

## **Pre-Engineering & Erection Services**

Includes supply, fabrication, and installation.

- Pre-engineered building (PEB) components
- Erection of steel structures
- Alignment & bolting
- Site installation teams

## **Aluminum Fabrication**

- Aluminum doors & windows
- Curtain walls
- ACP cladding
- Skylights & louvers

## **Maintenance & Repair Works**

- Structural repairs
  - Replacement of corroded steel members
  - Refurbishment of handrails, ladders, supports
  - Plant shutdown fabrication works
-

## TARGET MARKET

Our primary clientele includes property developers, corporate organizations, government bodies, and institutions requiring robust construction, fit-out services, and high-quality building material supply. We serve both local and international markets with our diverse portfolio.

---

## HEALTH, SAFETY, AND ENVIRONMENT (HSE) POLICIES

European Standard Trading Contracting W.L.L. is deeply committed to ensuring the health and safety of all its employees, subcontractors, clients, and the public. We uphold rigorous HSE policies and procedures across all our operations to create a safe working environment and protect our natural surroundings.

Our commitment includes:

**Safety First Culture:** Prioritizing the well-being of every individual on our sites and in our facilities through continuous training, risk assessments, and adherence to best practices.

**Environmental Stewardship:** Minimizing our ecological footprint by implementing sustainable practices, promoting waste reduction, efficient resource utilization, and preventing pollution.

**Compliance and Beyond:** Strict adherence to all local and international health, safety, and environmental regulations and standards, striving to exceed baseline requirements.

**Continuous Improvement:** Regularly reviewing our HSE performance, learning from incidents, and investing in new technologies and methods to enhance our safety and environmental management systems.

---

## QUALITY ASSURANCE PROCEDURES

Quality is a cornerstone of European Standard Contracting W.L.L.'s operations, deeply embedded in our corporate values. Our comprehensive Quality Assurance (QA) procedures ensure that every project and product delivered meets the highest standards of excellence, durability, and client satisfaction.

Our QA framework encompasses:

**Systematic Quality Planning:** Developing detailed quality plans for each project, outlining specifications, required standards, and inspection protocols from inception.

**Material Excellence:** Sourcing and utilizing only high-quality, approved materials from reputable suppliers, with thorough inspection upon delivery to ensure compliance. This is further reinforced by our exclusive distributorships for premium building materials.

**Skilled Workmanship:** Employing highly skilled and experienced professionals who are trained in the latest construction techniques and best practices, ensuring precision and reliability in execution.

**Rigorous Inspections and Testing:** Implementing multi-stage inspection processes at critical phases of construction, including independent third-party testing where necessary, to verify structural integrity, performance, and aesthetic quality.

**Adherence to Specifications:** Ensuring strict compliance with architectural drawings, engineering designs, and contractual specifications throughout the project lifecycle.

**Client Feedback Integration:** Actively seeking and incorporating client feedback to continuously refine our processes and ensure that final deliverables align perfectly with expectations.

---

## PROJECT PORTFOLIO

### COMPLETED PROJECTS

- Closing of mezzanine floor @ Sheraton Hotel

| QA/QC   | CIVIL ENGINEERING | BLITZ ACADEMY              |
| DIPLOMA | FIRE AND SAFETY   | WHRDE                      |

### License

- CRPEP B Category, Ministry of Bahrain: EPP/C2503/CE/00007-B.
- Building Energy Stimulation Expert, EMC Kerala: EMC/BESE/2022/41.

## CAREER PROFILE

### Objective

To work in the most challenging position with an organization that provides ample opportunities to learn and to contribute the maximum to that organization.

### Experience 11+ Years

- **NOW WITH EUROPEAN STANDARD TRADING AND CONTRACTING WLL AS PROJECT MANAGER.**
- **ONE YEAR AND TWO MONTH EXPERIENCE IN JAHECON WLL AS PROJECT MANAGER.**

### Duties and Responsibilities

- Reporting to the General Manager and Operation Manager preparing and presenting reports to keep them informed about project status, performance and other critical areas.
- Manage and lead the project team, including Engineers, Architects, Supervisors, and subcontractors.
- Ensure effective coordination between all teams (Design, Procurement, Construction) and Stakeholders (clients, subcontractors, vendors).
- Manage the negotiation and finalization of contracts with subcontractors, suppliers, and other third-party vendors.
- Monitor project budgets and expenses, ensuring that projects stay within financial constraints.
- Attend progress and technical meetings throughout various stages of the projects.
- Reviewing the daily, weekly and monthly reports prepared by the Site Engineers.
- Assign responsibilities and mentor project team.
- Finalization of the subcontractors, checking and approving their payment certificates.
- Ensure the implementation of a quality assurance system, monitor quality control and Enforce safety policies and procedures on-site to ensure a safe working environment for all workers.
- Troubleshoot and resolve technical issues that arise

- Dept of Urban affairs Kerala Govt, India:  
E-9406/18/EA-3043/KLM.

#### Certification / Membership

CE – Chartered Engineer. AM 1939184  
AMIE -Associate Member of Institution Of Engineers. AM 1939184  
IAENG -International Association of Engineers. 180636.

#### Training Course/ Certification

- ISO 9001: 2015, ISO 14001:2015 & ISO 45001:2018.
- ISO 9001:2005, ISO 14001:2004 & OHSAS 18001:2007.
- Safety training course on safe working practice, Environmental Aspects Impact, Emergency Preparedness, Hazard Identifications and Risk Assessment, Control on Air Emissions, Control on Dust Emission on Winning Edge, Pune, India.
- ECBC Compliance check through Energy Stimulation conducted by BEE -EMC Kerala.

#### Computer Skills

Technical Software's: Autocad, Excavator, Sap, Staad, E Quest.

#### Technical and Managerial Skills

- Construction & Quality control
- Designing and drawing.
- Ability to work in a team
- Leadership & Communication skills
- Initiative, Optimistic & Honesty

during the construction process.

The Main Project Involved are

- Ramez Hyper Market at Isa Town.
- Hidd Community Project at Hidd.

➤ **TWO YEAR AND SIX MONTHS EXPERIENCE IN HORTI GROUP W.L.L DIVISION OF AAREF HEJRES HOLDINGS CO KINGDOM OF BAHRAIN AS SENIOR CIVIL PROJECT ENGINEER.**

#### Duties and Responsibilities

- Reporting directly to the CEO preparing and presenting reports and performance metrics to keep the director informed about project status, performance and other critical areas.
- Contract administration including negotiation and oversight of contracts with subcontractors and supplier
- Attend progress and technical meetings throughout various stages of the projects.
- Provide technical guidance and support to junior engineers, site engineers, and construction teams.
- Oversee day-to-day operations at the construction site, ensuring activities align with project plans and schedules. Supervise site engineers, laborers, and subcontractors to ensure quality and safety standards are maintained.
- Conduct regular site inspections to monitor construction progress, quality, and adherence to safety protocols.
- Reviewing the daily, weekly and monthly reports prepared by the Site Engineers.
- Assign responsibilities and mentor project team.
- Finalization of the subcontractors, checking and approving their payment certificates.
- Identifying value engineering possibilities and quantify the savings.
- Troubleshoot and resolve technical issues that arise during the construction process.
- Regular coordination with the Engineering and Procurement departments for the timely delivery of the drawings for SDS submission and MAR submission respectively.
- Prepare closing out documents and handover project in efficient manner meeting the quality standards and client satisfaction.

The main Projects involved are:

### Academic Project

- Development of high-performance concrete and evaluation of construction joints in concrete floating bridges. [M E]
- Artificial Lake Using Gabions. (Kalistha, Olive Builders, Ernakulam).[B-Tech].

### Awards and Achievements

- State and District level award winner for project organized by EMC, ECS & ECC held On Dec 2006.

### Personal Profile

Nationality : Indian

Date of Birth : 19/05/1989

Passport No : C 9782493

Driving License: Indian & Bahrain

### Languages Known:

English, Hindi, Malayalam Tamil.

### Industrial Training/Intenship

- International Airport Terminal, Thiruvananthapuram.
- PRS Builders Sites (Shangrilla & Lake Villa), Thiruvananthapuram.

- The Village, Al Dair, Kingdom of Bahrain.
- Amwaj Beach Front, Amwaj, Kingdom of Bahrain.
- Sara Plaza, Isa Town, Kingdom Of Bahrain.
- Marassi Segregation, Marassi Al Bahrain, Kingdom of Bahrain.
- 10+ Private villas in Riffa and Hidd.

### ➤ ONE YEAR EXPERIENCE AS SENIOR PROJECT ENGINEER ZAHID MODERN PROPERTIES BAHRAIN AND SAUDI ARABIA.

#### Duties and Responsibilities

- Reporting directly to the Chairman preparing and presenting reports and performance metrics to keep the director informed about project status, performance and other critical areas.
- Contract administration including negotiation and oversight of contracts with Contractors and supplier.
- Monitor project budgets and expenses, ensuring that projects stay within financial constraints.
- Attend progress and technical meetings throughout various stages of the projects.
- Finalization of the subcontractors, checking and approving their payment certificates.
- Reviewing the daily, weekly and monthly reports prepared by the Site Engineers.
- Manage project issues, risks and actions.
- Assign responsibilities and mentor project team.

The main Projects involved are:

- Modern Heights, Zhaid Modern Properties, Bahrain.
- John Hopkins Aramco Health Care, Damam, Saudi Arabia.

### ➤ THREE YEAR AND ONE MONTH EXPERIENCE IN HESSA HOMES, KOLLAM AS MANAGING DIRECTOR & STRUCTURAL ENGINEER.

Hessa Homes Building Consultants is a leading consultant who engaged in Construction and Civil projects.

#### Duties and Responsibilities

- Manage the day-to-day operations of the company to ensure smooth workflow and Ensure that financial, human, and material resources are allocated effectively and efficiently to achieve business goals.

- Ensure the company operates within legal frameworks, including construction laws, building codes, environmental regulations, and health and safety standards.
- Review and approve contracts to ensure they comply with legal, financial, and operational requirements.
- Build and maintain strong relationships with key clients, ensuring high levels of customer satisfaction and loyalty.
- Implement and manage project changes and interventions to achieve project outputs.
- Regularly review progress on projects, ensuring compliance with safety regulations, quality standards, and client expectations.
- Represent the company in public forums, conferences, and media appearances to enhance brand visibility and reputation.
- Collaborate with architects, engineers to ensure that the structural design aligns with the architectural vision while maintaining safety and functionality.
- Visit construction sites to monitor progress and ensure that the structural work and materials used on site are carried out according to the design specifications.
- Develop detailed designs for structural and Perform calculations to determine the forces and loads acting on structures.

The main Projects involved are:

- Dreams Mall (26000 sqm) shopping complex at Kottiyam ,Kerala. (Consultant)
- Pillar park (7 storey) residential cum commercial building at Kollam ,Kerala.
- Aravind Movies (3 storey) multiplex theatre building at Kottarakara, Kerala
- District Police training academy (3 storey) at Kollam, Kerala.
- Luxury Villa project Al Manama at Kottiyam, Kerala.
- Aj Cinemas (3 storey) multiplex theatre at Paripally, Kerala.

➤ **ONE YEAR AND FIVE MONTHS EXPERIENCE (PART TIME) AS CIVIL ENGG FACULTY IN QA&QC DEPT OF IREZ ACADEMY, KOLLAM.**

- Providing quality lectures , preparation of course material and Preparation of question papers, paper valuation.
- Designing of concrete mixes for various construction projects, testing of specimens (Monitoring),Lab in charge.

Subjects handled: Quality control, Quantity surveying, Non Destructive testing & Destructive testing.

➤ **ONE YEAR EXPERIENCE IN TEACHING AS H O D OF CIVIL DEPT IN VENAD TECHNICAL COLLEGE, KOLLAM.**

- Monitoring of classes, coordinating programs, seminars.  
Providing quality lectures, preparation of subject material, paper valuation.
- Guiding innovative projects and validation, lab in charge.  
Subjects handled: Design of Steel Structures, Reinforced concrete structures and Hydraulic structures, Structural analysis, Estimation and costing.

➤ **FOUR YEARS AND FOUR MONTHS (PART TIME) AS CIVILENGG FACULTY IN CIVIL DEPT OF THINC institute of research and professional development, KOLLAM.**

- Conducting classes, coordinating programs, seminars.
- Providing quality lectures preparation of subject material, paper valuation.
- Guiding innovative projects and validation, lab in charge.  
Subjects handled: Design of Steel Structures, Reinforced concrete structures and Hydraulic structures, Structural analysis, Estimation and costing.

➤ **ONE YEAR AND FOUR MONTHS EXPERIENCE AS PROJECT ENGINEER IN EAVES BUILDERS AND DEVELOPERS TRIVANDRUM.**

- Liaising with clients and negotiation to subcontractors.
- To check all works as per specification and drawing.
- Making cost effective solutions Requirement analysis.
- Monitoring site activities, field reports, bills, quality reports.
- Interpreting structural drawing and plans, site visits.  
Estimation of work, tender.
- Maintain quality and safety, Training and guidelines to Site Engr, Draftsman etc.

The main Projects involved are:

- Udhyagiri Petrol Station Chathanoor , Kollam.

- UdhayaGiri Commercial Building 3 Storey, Kadappakada Kollam
- 10 + Private Villas in Various Parts of Thiruvananthapuram.

➤ **ONE YEAR AND FIVE MONTHS EXPERIENCE AS PROJECT ENGINEER IN KOCHUMUTTOM CONSTRUCTIONS, ERNAKULAM. (INFRASTRUCTURE)**

- Monitoring site activities, field reports, bills.
- Interpreting structural drawing, plans and level sheets, site visits.
- Resolving unexpected technical issues and other problems.
- Estimation of work, Maintain quality and safety.
- Training and guidelines to Site Engr etc.

The main Projects involved are:

- Edamula Bridge in Ambattukavu and associated road work, Aluva,Kerala, India.
- Road work (50 Km) in Kottathukulam,Kerala, India.

➤ **ONE YEAR EXPERIENCE AS SITE ENGINEER IN CRESCENT CONSTRUCTION COMPANY, TRIVANDRUM. (BUILDINGS AND INFRASTRUCTURE).**

- Managing day to day activities in site including setting out, levelling, labour activity, handling of plans, technical drawings, preparation of reports, coordination of works etc.

➤ **SEVEN MONTH EXPERIENCE (PART TIME) AS SITE SUPERVISOR IN MIND BUILDERS TRIVANDRUM. (BUILDINGS).**

The main Projects involved are:

- New TV Studio Complex, Thiruvananthapuram.

Declaration

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.

**Project Manager**

**Contact: - +973-32097859**  
**Current location: - Bahrain**

**E-mail:- [sijuchacko111@yahoo.com](mailto:sijuchacko111@yahoo.com)**

**Career Highlights:**

Competent Mechanical Engineer with 13+years of progressive work experience in Estimation, Project, Maintenance, Production, Planning, Execution, Administration. Track record of accurate and timely preparation estimates for Machining, Fabrication, structural, pre-engineered works including development of bid document, planning, written proposals, site visits, job monitoring, Engineering procedure developing, HSE and correspondences. Astute in facilitating contract preparation, negotiation and finalization with sound knowledge in contract and procurement terms-conditions, rate analysis, bids, tendering, risk analysis, risk reward mechanisms, claims and disputes.

**Scholastic Profile:**

| <i>Examination</i>                 | <i>Year</i> | <i>Percentage Marks</i>     |
|------------------------------------|-------------|-----------------------------|
| BACHELOR IN MECHANICAL ENGINEERING | 2007-2010   | 72.2 %<br>(Anna University) |
| DIPLOMA IN AUTOMOBILE ENGINEERING  | 2003-2006   | 89.50 %<br>(DOTE Chennai)   |

**Skills & Knowledge**

- Quotation, Project Schedule, Welding spec., Compliance statement, Paint spec., Inspection Request, Material Inspection request, Technical datas (MOS, ITP, WP, RA, CS) as per RFQ and specification..
- Attending site visits, RFQ, sending RFI, Technical Meetings & Negotiation.
- Production, Planning, Procurement, QC, Maintenance, Projects.
- Review Structural designs, calculations & drawings as per specification.
- Metal works, Fabrication & Welding of all types of Steel & heavy structural steel.
- Knows about NDT metal fusing methods like MIG, TIG, ARC, Brazing. (Level 2)
- Familiar with Lathes, Hydraulic & pneumatic Press, Shearing, Rolling, Milling, Boring etc.
- Strong in Engineering Theories, Formulas, Calculations, Procedures & Parameters.
- Knowledge in International Standards, Material Spec.
- Autocad (making drawings, Drawing Alterations, Drawing readings)
- Knowledge in overhauling & repairing of Direction control valves & flow controlling valves, Pneumatic & Hydraulic systems.
- Routine, Preventive and Corrective maintenance of machinery.
- Preparing documents like ,MTC, MIS, Inventory, Inprocess, Incoming, Final inspection reports.
- Safety Parameters, Permits, HSE, JSP, MSDS, PPE, SWL etc. & preparing documents.
- Strong knowledge in Bahrain economy and strong customer relation.

## Work Experience

### **Company -1 European Standards Trading & Contracting**

- Designation:- Divisional Manager
- Period :- 02/04/25 to till date

#### **Duties & Responsibilities**

- Meeting with clients,site visit to get a clear work details.
- Estimations, Quotations & participating in bidding.
- Review Specification, Prequalification, drawings & BOQ.
- Suggesting designs & specifications as per the availability of material.
- Designing and calculating wind load, base plates, Anchors, Connections as per ASME,BS std.
- Suggesting designs & specifications as per the availability of material.
- Balancing customer and management requirements and needs.

### **Company -2 Al Neel Ironsmith Workshop.**

- Designation:- Project Manager
- Period :- 25/06/18 to 01/04/25

#### **Duties & Responsibilities**

- Estimations, Quotations & participating in bidding.
- Regular follow ups with the existing customer and exploring new market.
- Working along with management, motivate people.
- Planning & Procuring materials, man power & machinery for the project.
- Control production and introducing new technics to reduce production cost.
- Quality checks for raw materials and finished products.
- Meeting with clients,site visit to get a clear work details.
- Review Specification, Prequalification, drawings & BOQ.
- Negotiating with Suppliers and subcontractors.
- Allocation & Explain of jobs for different departments.
- Suggesting designs & specifications as per the availability of material.
- Balancing customer and management requirements and needs.

### **Company -3 Mannai Metal Fabrication (M.M.F).**

- Designation:- Senior Engineer (Production and Projects)
- Period :- 10/10/15 to 20/06/18

#### **Duties & Responsibilities**

- Meeting with clients,site visit to get a clear work details.
- Review Specification, Prequalification, drawings & BOQ.
- Allocation & Explain of jobs for different departments.
- Suggesting designs & specifications as per the availability of material.
- Designing and calculating wind load, base plates, Anchors, Connections as per ASME,BS std.
- Negotiation with clients attending weekly & monthly report submission to GM & MD.
- Contract terms discussions, negotiation and confirmation..
- Detailed check in structural design as per required standard as well as drawings & calculation
- Review of documents like design Calculations, Material submittals, Risk Assessments,MOS, ITP, Inspection Report, Method of Statements, Working Procedures, MIR, HSE
- Conducting third party approval for Designs, Drawings & NDT tests.
- Awarding subcontracts, cost controlling, Hiring manpower & machinaries as per work load.
- Assigning & planning jobs at site.
- Invoicing as per job completion and follow ups.
- Final Inspection Check & hand over the projects.

#### **Company -4 Bahrain Steel Factory (B.S.F).**

- Designation:- Senior Mechanical Engineer
- Period :- 15/07/11 to 28/09/15

##### **Duties & Responsibilities**

- Preparing Estimations, Quotations & participating in bidding.
- Planning & Procuring materials, man power & machinery for the project.
- Dealing with the permits & explaining subordinates with the details of work.
- Conducting meetings on safety, PPE, NPD, QC, 6S.
- Marine fabrications like Floating Jetty, Boat canopies, Aluminum Boat trailers etc..
- Maintaining Inhouse Production & operation guidelines as per standards.
- Making drawings in Auto Cadd & submission for approval.
- Preparing Delivery Notes & Project Completion Certifications.
- Rectifying the problems & defects in fabrication & machining.
- Maintaining & submission of documents like Mill Test Test certificates, Method of statements, Welding procedures, Progress of Jobs etc.

##### **Duties in Aluminium Bahrain (ALBA)**

- Attending site visits, meetings & clarifying doubts in projects.
- Preparing cost estimation, quotations & submission.
- Planning & arranging material, man power & machinery for project.
- Awarding sub contracts & making co-operation with them at site.
- Submission of datas like Design, Drawings, Mill Test Certificates, Method of Statements to commence the job as per standards.
- Having ALBA permit receiving authority for Permit To Work, Hot Work Permit, Excavation Permit.
- Experience in large perimeter fencing, structural, monorails, jib cranes, water lines, fire lines, conveyors, valves like FC & DC spool valves, cylinder assembly.

##### **Main Projects done in ALBA**

###### **Pitch silo block checking & rectification.**

- Removing claddings, insulations on inlet, outlet & pressure relief lines.
- Dismantling by cold cutting, blanking the lines, checking by blowing air.
- Finding & rectifying all defects.

###### **Mono Rails & Jib crains**

- Designing for stress, strain, moment etc. Procuring materials & fabrication.
- Dealing with sub-contractors who are approved to work with ALBA for Design (Ismail Khonji), Hoist unit (Bahrain Workshop Company), Civil (Cosmos projects), crane (Modern Mechanical, MMETC)

###### **Perimeter Fencing around Cst House (2000mts.)**

- Making AutoCad drawings & Designing for approval.
- Procuring material supervising operations like cutting, welding, drilling etc,
- Sand Blasting (Saar), Hot dip Galvanising (Zamil)

###### **Designing, fabrication & installation of FTP blower casing & ID fan**

- Dimensioning on site, designing & drawing in Auto Cad submission for approval
- Fabrication & installation.

###### **Designing, Fabricating & installing of Blower unit**

- Site measurement & design parameter taken for making drawings.
- Material procurement & supervision on fabrication.
- Proper checking & preplanning for installation. Installation on site with modifications.

###### **Repairing & trouble shooting of CAFD, CBFD, ATFD & alumina, fluoride bins.**

- Receiving Crust Aluminium Feeding Devices, Crust bath Feeding Devices, Aluminium Tri Fluoride Devices & Aluminium fluoride bins from pot room
- Checking & finding out the problems and rectifying it.

- It includes repairing & overhauling of breaker & feeder cylinders,DC control valves changing seals,washers,O’rings,bushes etc.
- Familiar with ALBA areas like Paste Plant,Kilns,Rodding,Pot Rooms,Silos, FTP,GTC, Cast House etc

#### **Duties in Work Shop**

- Explaining jobs & drawings to supervisors,machinist,fabricators etc.
- Giving interviews & tests for new supervisors,machinist,fabricators,welders etc.
- Procuring Man power,Material and Machine for achieving targts with quality and comply safety of the people.
- Quality checking in machining jobs like milling,turning,threading,pressing, slotting,drilling,tapping etc by using precision gauges.
- Witnessing joint FIT-UP inspection before welding.
- Carried out visual inspections of weldment during pre fabrication & erection.
- Regular visit to consumables,if necessary making report to purcxhasing department in accordance with ongoing jobs.
- Preparation & submission of reports,documents.

#### **Company - 5    SAS Auto Com**

- Customer:-        Ashok Leyland,Caterpillar,Taffe tractor
- Designation:-    Quality Engineer
- Period :-         20/04/2010 to 20/06/2011
- Location:-        Chennai (India)

#### **Duties & Responsibilities**

- In-coming,in-process & final inspections on fabrication jobs,press shop jobs,electro plating jobs,bending & shearing jobs.
- Witnessing welder and brazing man qualifications and procedure qualification.
- Witnessing suface preparation, joints before welding and brazing.
- Checking weldments and brazed surface for blow holes,airubbles,cracks,spatter,slag, proper metal penetration,root,run,metal spread etc.
- Pipe layout & fixture making and checking.
- Pressure testing for high pressure pipings.
- New product development.
- Profile checking and maintaining quality for the out put products.
- Conducting & attending meetings.
- Quality checking by using all kinds of precision gauges like Vernier, Micrometer, Height gauge, Thread gauge, Bevel protractor, Surface gauge, Plug gauge, Comparator, Feeler gauge, Ring gauge, Slipgauge etc.
- Regular visit to store & checking the stock whether it is sufficient.
- Detailed analysis of quality issues and solving problems in customer end and also in plant itself.
- Making daily,weekly,monthly reports and documents like Production Part Approval Process (PPAP),Production and Inspection Planning Sheet (PIPS),G8D etc.
- Supporting documents making for ISO 9001:2008 and IRQS.

#### **HSE & Job Safe Practise**

- Daily 5min. talk on safety about various subjects.
- Conducting & attending safety meetings,mockdrills and demonstrations.
- Daily checking of proper Personel Protective Equipments (PPE) and proper tools.
- Communication about Lost Time Injuries (LTI),near misses and fatal accidents.
- Giving training and making documents on Job Safe Practice (JSP) & Material Safe Data Sheet (MSDS).

## Health and Safety Officer

### Profile

A Motivated Health & Safety Officer with strong knowledge of occupational safety, risk assessment, and ISO 45001 compliance. Holds an OTHM Level 6 Diploma in Occupational Health and Safety, has passed NEBOSH IGC1, and awaiting IG2 results. I am skilled in identifying workplace hazards, conducting inspections, and supporting safety awareness programs. Combines engineering expertise with a proactive approach to ensuring safe and efficient work environments.

### Professional Experience

#### Safety Officer

#### European Standard Contracting W.L.L

##### – Bahrain Present

- Support implementation and monitoring of health & safety procedures in accordance with company policies.
- Conduct workplace safety inspections and assist in risk assessments.
- Promote safety awareness and compliance across site activities.

### Education

#### Bachelor of Science in Electronic Engineering

*University of Bahrain*

*September 2020 – January 2025*

**GPA:** 3.04/4.00

#### OTHM Level 6 Diploma in Occupational Health and Safety

*Safety Training and Consultancy Centre (STC), in collaboration with OTHM Qualifications, UK*  
2025

#### NEBOSH International General Certificate (IGC)

*IG1 - Passed | IG2 – Result Pending*

#### Highfield Level 2 International Award in Fire Safety

*Safety Training and Consultancy Centre (STC), in collaboration with Highfield Qualifications, UK*  
Completed 2025

### Achievements:

- **Graduation Projects and Exhibition Competition:** Awarded **Second Place** for the project titled "Solar Panel Auto-Cleaning System", showcasing innovation in renewable energy solutions.
- **Powerelec Bahrain Competition:** Secured **Third Place** for developing *Solar Panel Auto-Cleaning System*, in a competition presented by the **Bahrain Chamber of Commerce and Industry**.

**Location:** Bahrain

**Phone:** 39445072

**Email:** hh66382131@gmail.com

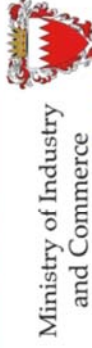

### Skills

- Risk Assessment, Incident Reporting & Investigations
- ISO 45001 Health & Safety Management Systems
- Emergency Preparedness, Drills & Safety Audits
- Electrical Safety, Fire Safety & Control Measures
- Safety Inspections, Toolbox Talks & Awareness Programs
- Team Communication & Cross-Functional Collaboration

هذه الشهادة مرسلة من النظام الآلي ولا تحتاج إلى توقيع

Please ensure that the details on this certificate are correct. You must inform the National Bureau for Revenue "NBR" of any change on the basis of which you obtained your VAT account number. NBR reserves the right to deregister you for VAT purposes based on the evidence of your non-compliance with registration or deregistration criteria.

يرجى التأكد من صحة تفاصيل هذه الشهادة. ويجب إبلاغ الجهاز الوطني للإيرادات بأي تغيير بشأن حصولك على رقم حساب القيمة المضافة. يحتفظ الجهاز بحق إلغاء تسجيلك لأغراض القيمة المضافة في حال ثبوت عدم امتثالك لمعايير التسجيل أو إلغاء التسجيل.
